It is difficult to explain a typical week, but the summary above is typical of Traidhos Winter Camp period.

Camps are a mix of residential and day camp, lasting a week to 14 days at a time. Camp staff also work with students in the international school which shares our campus. You may lead a 90 minute activity within their school day on campus.

During the Winter camp period most campers will be from China or south Korea.

You would meet campers for breakfast and keep them safe while facilitating games and activities mostly on campus throughout the day. Day camp may run from 0830 – 5pm depending on the age of the campers. Residential camp is a 24 hour camp. You are likely to work wither the day program or the evening and night supervision program.
